

HEALTH CONFERENCE ALPS-ADRIA

Active and Healthy Ageing

Medical and Spa Treatment | Politics | Science | Economy |
B2B-Networking events

www.healthconference.eu

9 – 10 May 2019

Congress Centre Zehnerhaus
Hauptplatz 10,
8490 Bad Radkersburg

HRVATSKO-AUSTRIJSKA
TRGOVINSKA KOMORA

OUR VISION

“Active and Healthy Aging” (AHA) aims to increase the number of healthy years of life for at least two years. The major task is to develop new business models, new ideas & products, and services that help us to support location advantages of regions based on already existing excellent medical infrastructure such as health and spa resorts.

Both conferences, the “**Österreichische Jahrestagung des Heilbäder- und Kurortverbandes (ÖHKV)**” & **HEALTH CONFERENCE ALPS-ADRIA 2019**, unite and connect these different perspectives.

Under the patronage of the Alps-Adriatic Alliance, the partners from Promurje (SLO), Varaždin (CRO) and Bad Radkersburg (AUT) are working together to meet the challenges of the regional economic development in the fields of health and health tourism. Everything you’ve always wanted to know about cross-border health you’ll learn about at the Health Conference Alps-Adria 2019!

The official languages used at the event are Englisch, Slovenian, Croatian and German. The main part of the lectures will be simultaneously translated into English, Slovenian, Croatian and German.

Health conference participation is free of charge.

Due to a maximum number of participants please register at the latest by **30 April 2019**.

For whom?

- Active & Healthy Ageing
- Medical and Spa Treatment
- PHCs, doctors & hospitals
- Personal Caretakers
- Public and private health insurances
- Health Tourism
- Medical technology
- Rehabilitation
- Education
- Politics, universities, communities & regional development organisations

The Health Conference Alps-Adria 2019 offers unique opportunities to learn the latest improvement ideas, connect with like-minded colleagues, and generate momentum for change in your organization. Attending it not only provides valuable networking opportunities, but it can also be an effective strategy to access needed resources and learn from experts in the field.

With presentations, panel discussions, roundtable discussions, and workshops, we cover every topic from top to bottom, from global macro issues to strategies to tactical issues!

Be part of this unique networking event!
